Polish - beginner

Russian - fluent

### PROFILE

I am passionate about programming and I am happy to work with new technologies. I like the creative approach to problem solving and seeing how the code turns into functional products. In my free time, I like to explore personal projects and get involved in the community of developers. I am an efficient collaborator and I adapt easily to new technologies and work environments.

### WORK EXPERIENCE

#### My project

Project Name:

- **Interactive game for two players**

Link: <https://andramed.github.io/guessNumber/>

- **Landing Page for Bank with Credit and Deposit Simulation**

Link: <https://andramed.github.io/landingBankSite/>

- **Interactive game for two players**
